Communities of Interest

● Residential Calexico Area

This northeastern area of Calexico is frequently split but should be kept whole. This area is made up of more recent development and homeowners. The residents and developments within this area and their needs are much more similar than other areas of Calexico. District lines should not run through this residential area. Keep this area whole and divide through commercial areas along 111 or 98.

● Core Calexico

This area includes most of the older Calexico and is primarily residential. It sees a more concentrated population of older residents, old-age homes, and multiunit renters. It also has a higher concentration of lower-income residents. A lot of people belong to all the aforementioned groups and have special needs compared to the residents in other areas of Calexico or the county.

Additionally, this area sees a very high concentration of migrant farm workers that are homeless.
